Mission:

Working together to enhance safety, reduce congestion and maximize economic development along the US Highway 169 inter-regional corridor.

Through your support and financial contribution the Coalition can continue to spread the word about the economic significance that this corridor provides for its communities, businesses, and citizens. *There is strength in numbers!* As a business and citizen led Coalition, we can have an impact in making the policy and decision makers aware of our area's critical transportation needs. We have had success in obtaining the financial investments to improve critical projects on this corridor. However, our job is not nearly finished. The US 169 Coalition needs your support!

Affiliate Members: Your Support is Crucial
